NEEDY STUDENTS WELFARE FUND.

Objective:

- I. The core objective is to aid needy yet academically good students to pursue their academic goals.
- II. To foster the educational, moral and social development of the students.
- III. to encourage and promote the welfare of the needy students and make a positive impact on the society.
- IV. to provide equal opportunity to the students who cannot afford college education.

Context

the college being situated in a rural area, most of the students are from neighboring villages. It is observed that majority of the students of the student comes from dysfunctional, broken and low-income family being a community-oriented institute; the college has set up the Needy Students Welfare Fund to identify such students and aid them by means of waiving off their admission fees. This humble initiative of the college has been successful in providing an opportunity to the needy students in pursuing their academic goals and instilling self-confidence and fostering a sense of competition in them.

The practice

Needy student's welfare fund was instituted in 2016. a committee consisting of principal and six teaching faculty members' looks after the implementation and operation of the fund. The fund operates fully on the contribution from the staff of the college. Contribution is also received from donors, organization and philanthropers. A separate saving bank account is maintained for necessary transactions.

Evidence of success

The existence of the fund has proved to be of great benefit to the needy students. As the continuation of the fund depends on the attendance and the academic performance of the students, this greatly works in encouraging and motivating students to work hard and maintain consistent good results. This practice helps in instilling a sense of gratitude, responsibility and

duty towards the community and to those who are in need of help. At present 6 students are benefitted by the fund.

STUDENT – TEACHER PARTNERSHIP IN DEVELOPING LANDSCAPE GARDENING IN THE CAMPUS

Objectives:

This practice has been taken up by the college with the following objectives in view:

- I. To develop and utilize the open land space in the campus for purposeful activities-plantation of edible and non-plants.
- II. Campus beautification.
- III. To nurture creativity and a sense of connection with nature.
- IV. To foster team spirit and partnership between students and teachers.

Context

Pfutsero is known for its vegetable produce all over the state. Its climatic condition and soil fertility is very conducive for growing a wide variety of plants and vegetables. Given such natural bounty, the college has adopted this practice in order to inculcate in the students awareness and a sense of responsibility to preserve and nurture the blessings of nature while in pursuit of their academic goals.

Practice

The designing of the landscape and implementation of this practice is carried out collaboratively by the students and teachers. In accordance with the master plan of the new campus, efforts are made to utilize the open space in the campus to the maximum for beneficial activities. Through this practice students are taught gardening skills, knowledge of plants, plantation techniques, and nature of growth. It also provides an opportunity for students and teachers to work together as a team and to imbibe dignity of labor which is gradually becoming a dying culture today.

Evidence of success

Students and teachers have shown a great enthusiasm in this venture. They have used their creativity and skills for developing the overall landscape and greatly enhance the aesthetic view of the campus. The concept of growing edible and non-edible plants in the campus has enable teachers and students to learn and understand better knowledge of plantation, importance of crop rotation, the practice of organic farming and its impact on the environment.
