## ABOUT DR JONAS RICHARD A

Dr Jonas Richard A comes with 20+ years of experience with the unique combination of expertise in the areas of Life Skills Education, Employee Engagement, CSR Consultation, Implementation of Action Research and Promotion of Psychological Wellbeing

A trainer by passion and academician by profession, Dr Jonas facilitates regular training sessions in the area of Life Skills Education. As a certified Life Skills Coach, he trains on Capacity Building Training and Training of the Trainers in Life Skills. His target group includes Schools, Colleges, Army Personnel and Corporate .

As an Employee Engagement Specialist, Dr Jonas supports corporate in Employee Relations Strategies and Retention Initiatives. He assesses and evaluates the effectiveness of employee relation programs

Being a CSR Consultant, Dr Jonas Richard guides the corporate in redefining their CSR initiatives by effectively connecting corporate with the communities. he conducts need and impact assessment surveys for the successful implementation of CSR programs. His expertise in building linkages with the corporate and government departments for community empowerment is highly appreciated .

Dr Jonas, with his Action Research expertise, helps NGOs in facilitating action researches for creating more evidence-based social work practice in the communities .

As a Psychological wellbeing practitioner, Dr Jonas assesses the individuals who are experiencing mild mental health issues and provides low-intensity interventions to enhance their overall psychosocial wellbeing. He provides career guidance counseling, family counseling and individual counseling.

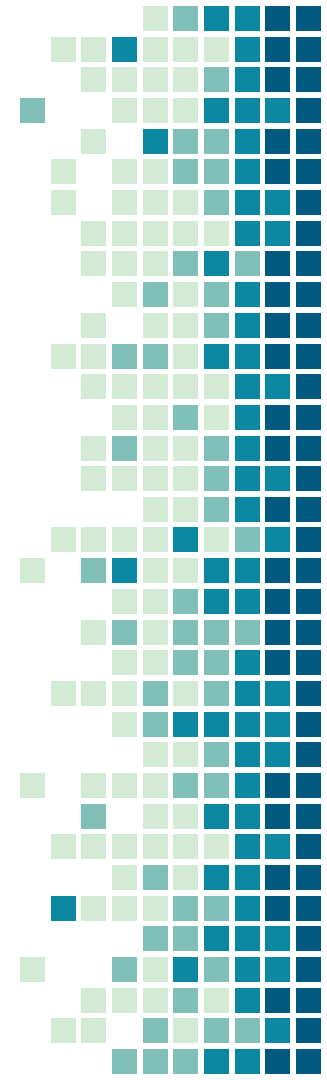

His Educational qualification read MSW (HRM), M.Sc (Psychology), M.Phil (Psychology) & PhD in the area of Life Skills Education. His PhD work on Life Skills using a quasi-experimental design with pre-post analysis is widely appreciated.

Dr Jonas also has published several research articles, authored books and written chapters in the books .

## Concept Note:

Teacher educators have always played a vital role in the overall development and progress of man. The role of each individual has in many ways been impacted by the influence of the educator at the personal and societal level. With changing scenarios over time, the contributions of educators as knowledge givers and reformers of the society have ascertained the need to re-assess and refine one's approach and techniques.

*"Teachers inspire the smallest hearts to grow big enough to change the world" Paula Fox*
